Re: Conservation Chemical Company

Dear Ms. Beasley:

In response to the General Notice of Liability recently received by Offutt AFB, Nebraska, please be advised the undersigned will represent the United States Air Force in all subsequent proceedings involving this site. All future communications should be directed to me.

With respect to your request for participation at the site, I am in the process of reviewing closed files to determine the extent, if any, of USAF contribution of hazardous substances to the site. I will contact you as soon as that review is complete. In the interim, I ask that you send me all of the evidence in your possession that supports a finding of USAF liability for costs incurred at the site.

If you have any questions, please contact me.

Sincerely,

Jack Courtney
Attorney/Advisor
